Sir,

Prisoners in Wellesley Sanatorium Jail, Bellary are given special diets according to the scales laid down in rule 361-A, Jail Manual, Part II. The diets of ordinary and invalid prisoners in this jail include butter-milk which also requires to be flavoured with an addition of salt. It is presumed that the G.O. read above applies to the prisoners on invalid and ordinary diets in this jail.

Jails - Diet of prisoners - Salt - Increase of supply to prisoners in the Wellesley Sanatorium Jail, Bellary.

[CMO 9034 of

From the I G of Prisons No. 4720/1937-A4 dated 30-10-1937

In G.O. 3015 Home d. 2-8-1937 the Govt sanctioned the supply of butter milk at 3 pies per head per diem to all C class prisoners. The I.G. thereupon stated that the issue of buttermilk necessitated the increase in the salt ration of C class prisoners from 1 Oz. per head to $1\frac{1}{16}$ oz per head and this was sanctioned in G.O. 3797 Home d. 25-9-1937. The I.G. asks whether this G.O. applies to prisoners in the Wellesley Sanatorium Jail, Bellary also.

The prisoners in the Wellesley Sanatorium Jail, Bellary were getting buttermilk even prior to the issue of G.O. 3015 Home dated 2-8-1937 with reference to rule 361-A of the Jail Manual; and it is not clear why the addition of salt ration to C class prisoners in other jails should necessitate an increase in the salt ration of prisoners in the Sanatorium Jail also. In the amendments to the Jail Manual suggested by the I.G with reference to G.O. 3797 Home d. 25-9-1937, the I G has not suggested any amendments to rule 361-A. It is therefore not clear therefore why the I G presumes that G.O. 3797 Home d. 25-9-37

applies also to the prisoners in the Sanatorium jail also. Submitted that the ~~Ex~~ I.G. may be referred to G.O. 4189 Home d. 19-10-1937 and his letter leading thereto. Draft submitted. After issue these papers may be stitched with G.O 3797 Hom d 25.9.37. (M) (K)

PJ 8/11

PJ 8.4.37.

With reference to Rs's query in the margin on p 1 above, it is submitted that the salt ration of C class prisoners is 1 1/16 oz per head per diem according to G.O 4189 Hom d. 19.10.1937. The salt ration in the ordinary hospital diet of C class prisoners is 1 oz as per rule 361 (III) (1). The salt ration for prisoners of the Sanatorium Jail is 1 oz for ordinary diet — rule 361-A. If an increased quantity of salt is required for prisoners in the Wellesley Sanatorium Jail, Bellary, it is open to the D of W to say so and move for the amendment of rule 361-A of the Jail Manual.

rule 347-B (I) as amended in M pp 3-4. (There are 5 classes of hospital diet for C class prisoners)

(There are 4 classes of diets in the W. Sanatorium Jail).

PJ 18/11

PJ 18.11.37. The prisoners in the Wellesley Sanatorium may have the extra 1/16 as well, for the sake of consistency. (unless it is proposed to ask the I.G. why, if the Sanatorium prisoners have been able to manage on a buttermilk diet without the extra 1/16, the prisoners in other jails cannot similarly manage.)

— the DJ has suggested ~~A~~ draft amendment to [Table I in rule 361-A increasing the quantity of salt to prisoners in Willesden Sanatorium jail from 1 oz per day to 1 1/16 oz per day ~~and for approval~~ But he has not suggested any amendment to notes 1 and 2 appended to the rule regarding distribution of ingredients for the Curry. Two Curries per day are

allowed for invalid diet and ordinary diet of tubercular prisoners. The quantity allowed for each curry is $\frac{1}{2}$ oz. When the quantity of salt per day is raised from 1 oz to $1\frac{1}{16}$ oz, it is not clear how the increased quantity is to be distributed over the two meals. The D.G. may be specifically asked whether the note to the rule ~~requires~~ does not require revision.

But the extra 1/16 is intended to go with the buttermilk, is it not? When do they get the buttermilk, & why is it necessary to refer to notes 1 & 2, which do not mention buttermilk?

HR.
19/1

With reference to the A.S.'s queries above, it is noted that the extra quantity of 1/16 oz of salt is intended for flavouring buttermilk.

Buttermilk for 'invalid diet' is issued once, at 12 noon along with rice and vegetable curry. In the case of ordinary diet, buttermilk is issued twice, i.e, at 12 noon with rice and vegetable curry and at 4.30 P.m with rice and curry.

Dy. Collector applicable

See distribution of diet in rule 361-A

It is felt that the note to rule ~~364~~ 361-A which does not refer to buttermilk need not be amended.

A draft amendment to the rule is laid.
